Dear Sam,

I would like to sincerely thank you for the professional services you provided for me during the period of career transition. I must say the job transition had not been easy, but I made it through with the help of many people, including you, Peter, Edie, and Wilma at Advantage Tech.

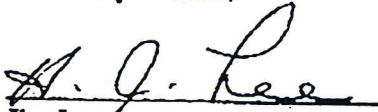

The following are the services, among others, I really appreciated receiving from you and your staffs.

- Personal counseling and advice.
- Resume writing and interview practices.
- Use of facilities and stationary, anything(almost) I needed !
- Seminars on financing, small business and psychology, which are unrelated to job finding but helped to plan ahead and cope with the difficult circumstances.
- Peter's advice and counseling even after I left Advantage Tech.

For me personally, as a geologist, your service was very crucial having Peter with the geological background and you the legal expertise.

I thank you and your staffs again and wish you the best.

Sincerely Yours,

Jin Lee
