To the Advantage Tech. Inc. Team,

I wish to thank all of the staff at Advantage Tech. Inc. for assisting me in my employment search.

As a new resident to the City of Calgary and not knowing where to begin or having any "networking connections" to the hidden job market it was enlightening to have professional assistance and guidance.

I found Advantage Tech. Inc. to be very current in their employment techniques beginning with the resume format and development, interview strategies, most current computer software including Internet access.

Support and encouragement were readily available especially during the "down times" of my search, when I needed assistance the most. When uncertainty arose on any situation, I could always count on excellent, expert advise to ease my fears.

The Advantage Tech. Inc. staff gave me the confidence I required to enter this very competitive and changing work force. I would recommend them highly and encourage anyone to utilize their skills and expertise to assist you in a worthwhile experience.

Sincerely,

Linda Nisbet
