Attention: Mr. Sam Travis

Dear Sam,

This is a letter to thank you and the various members of Advantage Tech staff for the great assistance that was supplied to me earlier this year during my transition into my present new career. The knowledge and experience of yourself and Lis was of great benefit to finalize my dealings with my previous employer, and also to set my career along a new path. Peter was most obliging to assist me with my resume, business cards and letterhead, as well as pass along some of the knowledge of his experience. Robert and others in the support staff went out of their way to help in this transition period.

Once again thanks for your assistance and that of Advantage Tech. I would not hesitate to recommend your company to others who are in a transition phase, or simply need advise. If I might be of assistance in this regard, I can be reached at 213-4244 during working hours.

Thanks again to you and staff at Advantage Tech.

Regards,

Bob Draper
