Dear Sam,

Almost a year has passed since I was introduced to Advantage Tech. It has been a year with many changes. You and your staff helped immensely in preparing me for the new opportunities. You provided financial planning, small business development, computer skills, marketing, professional help with resumes and interviews, to mention just a few services. Another very important part of being at Advantage Tech was the daily building of morale and self esteem by all staff members.

The following quote describes Advantage Tech's approach:

"Excellence lies not in doing one thing well but in doing everything superbly."

I love my new job and the many challenges it provides. Thank you for all the help along the way.

Best regards,

Lois
