To Whom It May Concern:

I was an employee of TransCanada Power, a subsidiary of TransCanada Pipeline Limited and was referred to Advantage Tech, Inc. by Dilan Perera. Advantage Tech Inc. was extremely helpful in my job transition. The staff was very professional, supportive and demonstrated dedication and serious attention in my job search.

Prior to meeting Sam Travis, my resume had not been updated for over 10 years. I received invaluable assistance in the preparation of my resume. Mr. Travis taught me the importance of choosing the right words and illustrating my strengths, skills and accomplishments in my resume. Advantage Tech also gave me many interviewing tips and I felt very comfortable with the staff. All these things helped give me the confidence in finding my current job.

It is my pleasure to recommend Advantage Tech and proved to be well qualified to help others going through a job transition.

Yours truly,

Nancy Mah
