Dear Sam;

Just a short note to thank you and your staff for the wonderful service provided to me during my stay at Advantage Tech. The level of service and professionalism I received was first class. I would especially like to recognize and thank Wilma and Edie who were just super to me. Whether doing my letters, showing me where things were, or how to work the photocopier, they were both great while at the same time encouraging and friendly.

I would also like to compliment you on the first class offices you provide to your clients. It can be a stressful time when one is using a service such as yours and I found your offices and furnishings along with your staff helped everyone in feeling good and staying positive.

Thanks again for your help in the past and all the best to you and your firm in the future.

Yours truly;
