Dear Mr. Travis:

I would like to thank you and your staff at Advantage Tech for all the help and encouragement that you gave me during my job search. Everyone at Advantage Tech was extremely professional, helpful and above all, friendly. It made my time searching for new employment less stressful and a valued learning experience. If asked by someone in the same situation, I would not hesitate to recommend Advantage Tech as an excellent place to start their job search.

Once again thank you and your staff at Advantage Tech.
