<b>Subject:</b>	Comments on services provided		

Sam,

Thank you for asking me to provide comments on the services that your organisation provided. Although I did not experience the full package, I did spend enough time at your company to form a very good opinion of the caring and professional group of people.

Sam, you were exceptionally helpful and conciliatory during what for me was a very exciting and trying time. Your advice, combined with the Advantage Tech tools on job seeking, were very useful for me.

The clerical people, especially Jane Mould, were very supportive and co-operative.

If there was one small complaint, it was that my stay at your company was so short.

There are no significant comments for improvements or changes that I can make to you.

Thank you very much.

Kerry
