RE: Advantage Tech Career Transition Consulting

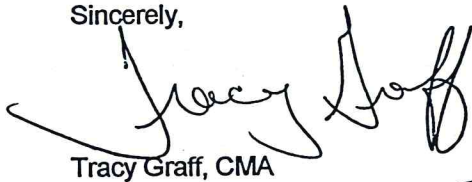

Dear Mr. Travis:

I would like to take the opportunity to thank you and your staff for your assistance last year when I received the ET&C package from TransCanada PipeLines Limited. Enclosed are the two "Job Search" binders you provided my husband and me. We found many helpful suggestions and guidelines on resume writing and especially enjoyed the entrepreneurial test.

Since my departure from TransCanada, my husband and I have opened our own restaurant and are enjoying the experience of being business owners. In 1999, I also took a position with NOVA Chemicals which is ending in February as the executive have decided to move the management and their support groups to Pittsburgh. I have chosen to remain in Calgary.

Thank you again for your assistance.

Sincerely,

Tracy Graff, CMA
